**\*\*Parents/ Guardians: Please make notice that the ALP school is a make-up hours program. Your student is not required to go to these make up sessions, it is the student's option. It is not the responsibility of the teacher or school to make sure the student is in class. The ALP sessions are open for those who wish to be there in their attempt to make up their semester credits. Please note that 1 semester credit = 87 hours of make up.**

I understand the role of the ALP summer school program and give my permission for the above listed student to enter and attend.
